

Transforming African Agricultural Universities to meaningfully contribute to Africa's growth and development (TAGDev) aims to;

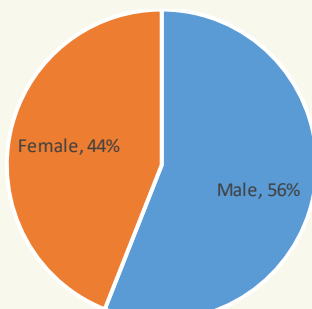

1. Pilot a new model of agricultural education at early adopter universities that connects tertiary agricultural education to rural communities, with an emphasis on smallholder farmers;
2. Strengthen agribusiness/entrepreneurship at two universities and selected Technical Vocational Education and Training (TVET) institutions;
3. Scale the new model for agricultural education to other agricultural universities and TVET institutions and
4. Increase collaboration and mutual learning among institutions and agencies implementing and influencing innovative Tertiary Agricultural Education for rural transformation in Africa.

Main outputs

Students trained in African universities

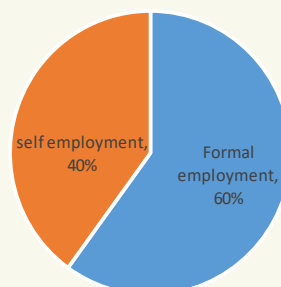

TAGDev direct scholarship students at Gulu University and Egerton University (n=245)

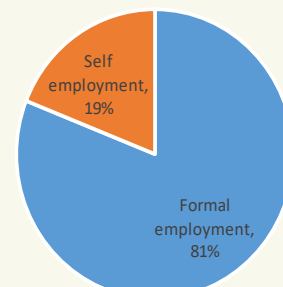

Other TAGDev supported students in 16 universities (n=323)

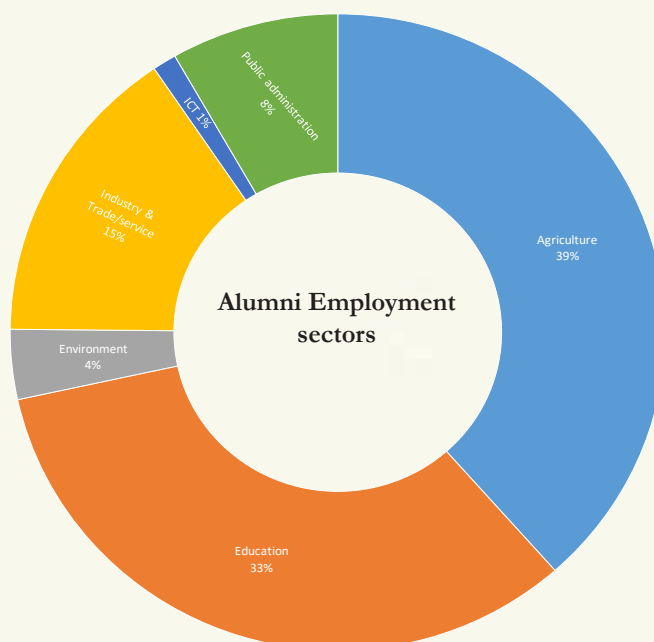

Students Transitions

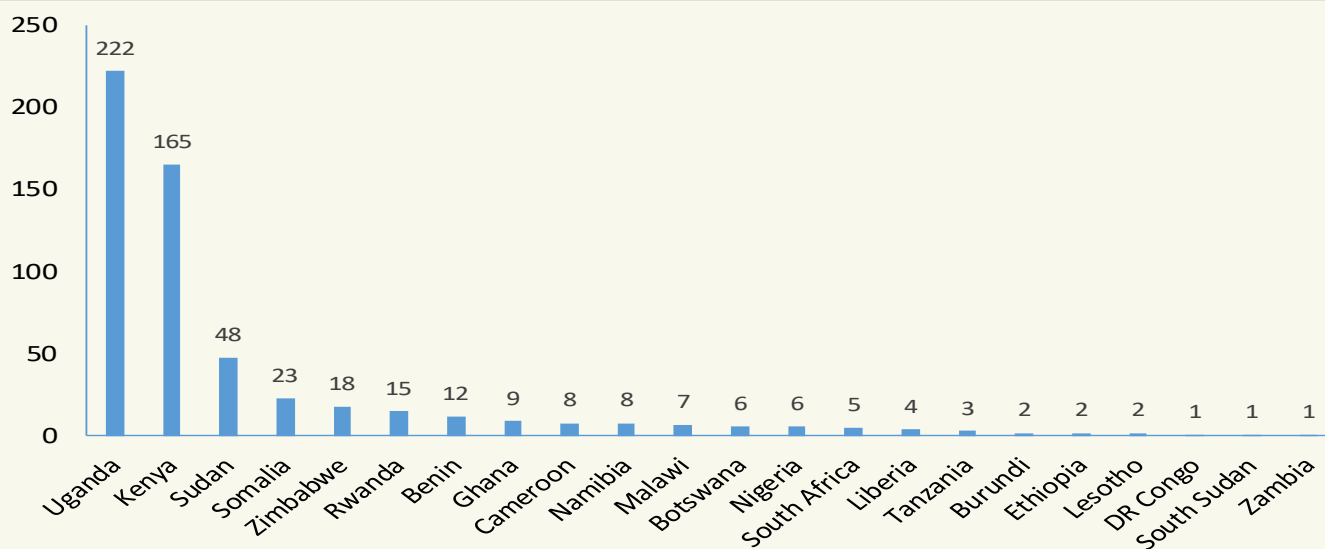

Gulu University and Egerton University

From Scale-out universities

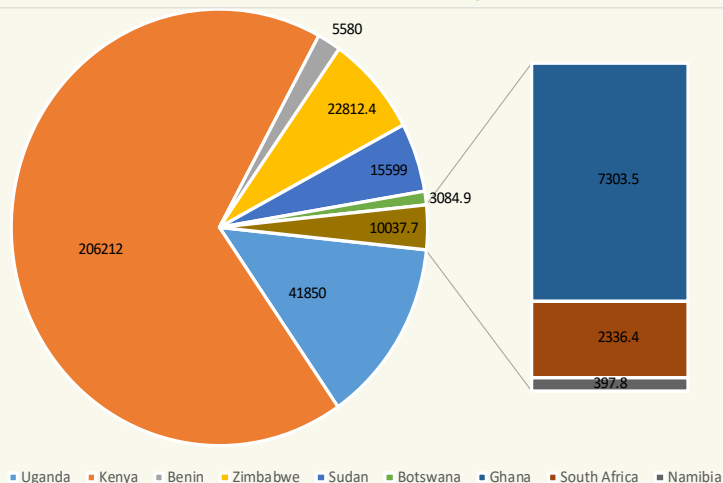

Employment sectors of TAGDev Alumni

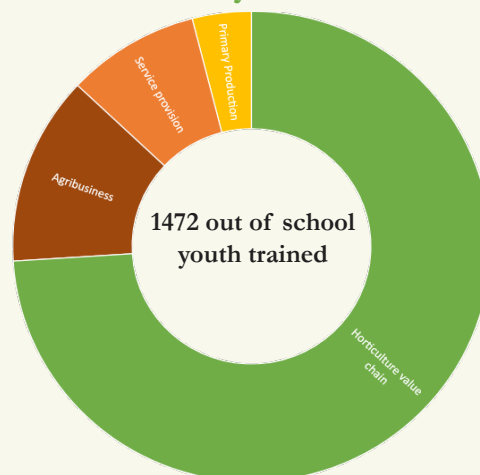

Students trained per country

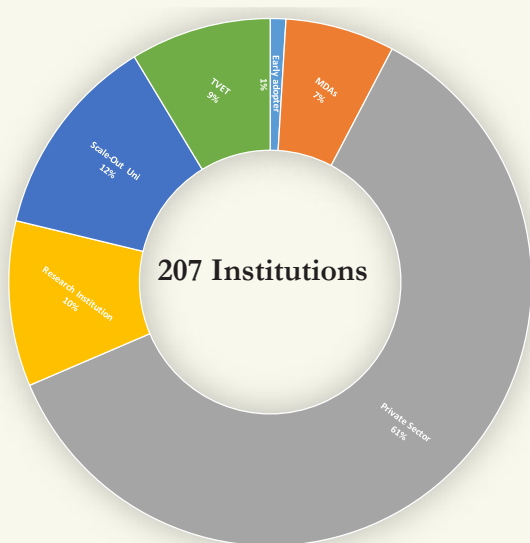

Farmers reached per country

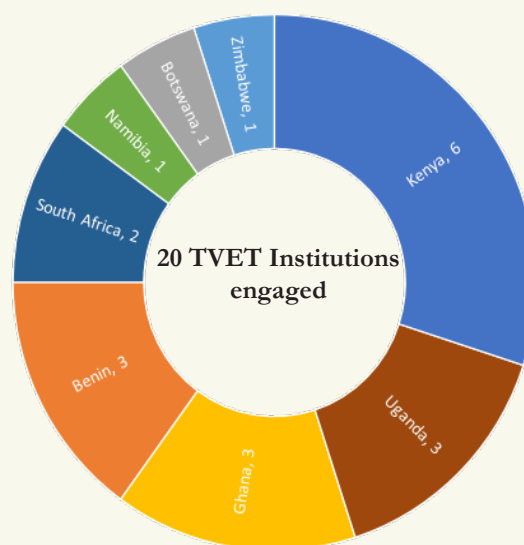

TVET - Out of school youth trained

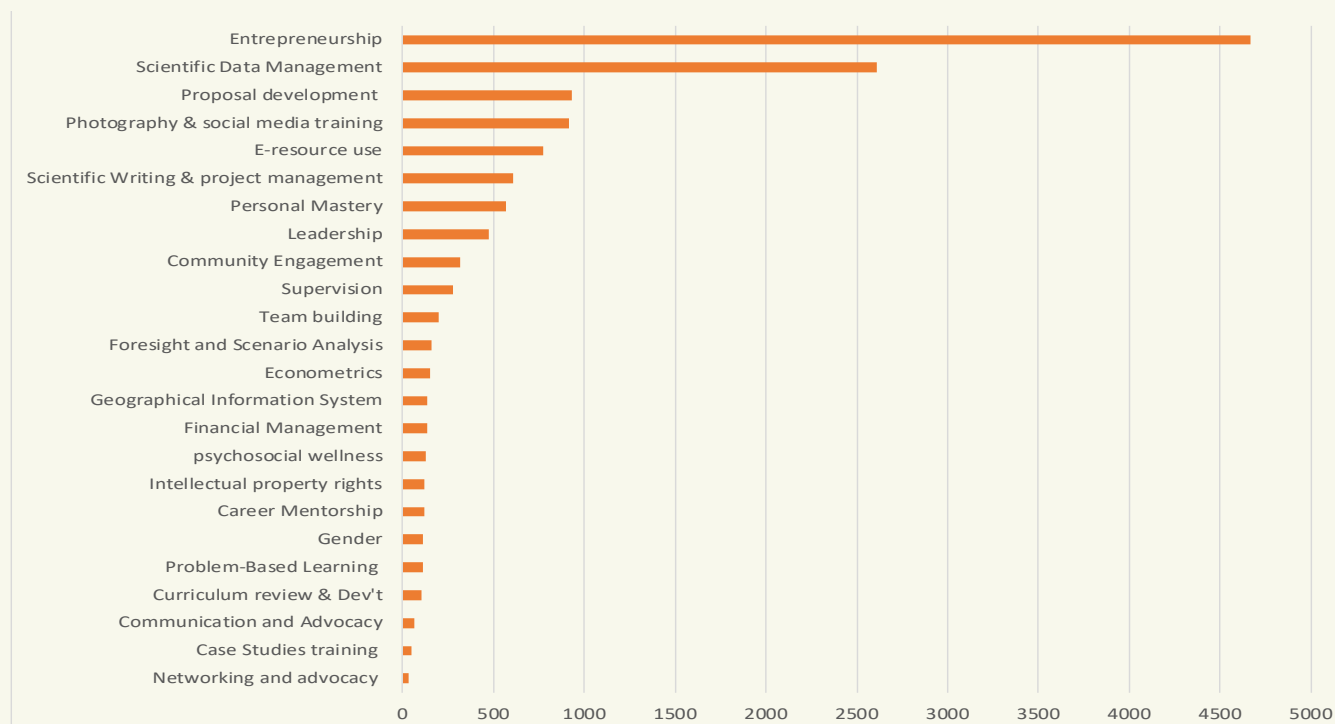

Institutional collaboration and partnerships

TVET institutions engaged per country

Skills enhancement trainings
